THE LEADER IN FALLING OBJECT PREVENTION

KEY FEATURES

Tethers your power tool and battery in a singular holster.

Compatible with virtually all power tool brand batteries.

Suitable to larger batteries.

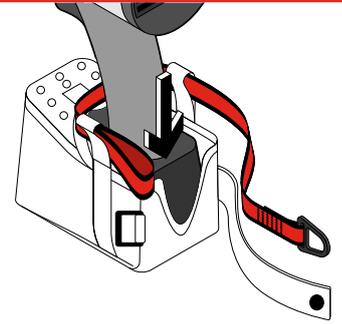

Tough reinforced Nylon housing for long-term durability.

Ability to remove and plug the battery into power tools whilst inside the holster.

No impact on power tool usability.

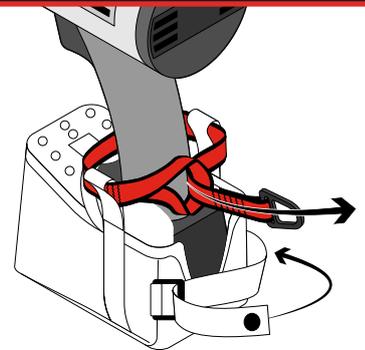

1

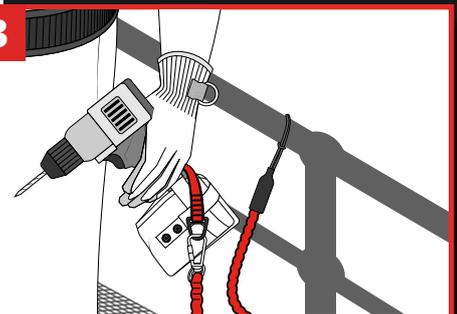

Insert the battery pack (whilst connected to the power tool) into the Battery Catch Holster XL..

2

Secure the holster by pulling the strap tightly and clicking the closest button. Ensure the choke strap passes through the three choke guides by passing the D-Ring end through the loop end of the choke.

3

Attach a GRIPPS® tether with an appropriate load rating to the D-Ring on the choke strap.
