

Andatech Soberpoint 3 Lite

Durable, easy-to-use wall mounted breathalyser by blowing through a cylindrical straw. Coin & wave payment options available. AS3547:1997 certified.

Accurate & reliable

Accuracy of $\pm 0.005\%$ BAC at 0.100% BAC.

Fast specific tests

Response time of 6 seconds and recovery time of 10 seconds before the next test.

Announcement / promotion display

Besides showing instructions for breath alcohol testing, the LCD screen can be used to display announcements.

Monetisation potential

Optional pay-per-test feature by accepting coins or cashless payment for each breath alcohol test.

No calibration downtime

Replaceable sensor allows the breathalyser to function when one is sent for calibration.
