uvex phynomic airLite A ESD//60038

Description

The noticeable difference in wearer comfort: combination of high sensitivity and tactile feel, lightness. It is certified according to the DIN EN 16350:2014 (1149-2) standard and is also tested based on the DIN EN 1149-1. Therefore it is perfectly applicable in ESD areas and areas exposed to explosion hazards. You will be equipped for the future with the uvex phynomic airLite A ESD thanks to its touchscreen compatibility for use on almost all screens, tablets and mobile phones. It is free from accelerators, health protection and skin compatibility dermatologically approved (proDERM®).
