CleanAIR® CA-40G Helmet with Grinding Shield

CleanAIR®

Features & Benefits

- Combination of a grinding visor and a safety helmet with integrated air distribution.
- The easy to change DIN4 or DIN5 visor expands the system to the perfect protector for efficient Plasma or Oxy cutting.
- Multiple protection – 5 levels of protection at once: eye, face, head, respiratory and optional hearing protection
- Easy to wear, easy to use and easy to maintain system
- Superb quality spherical visor guarantees an excellent field of vision
- Anti-fog coating prevents the visor from fogging
- Anti-scratch coating increases the mechanical durability of the visor
- Shade 4, shade 5 and yellow visors available
- Enhanced robustness – protection against high-speed particles with HIGH energy
- In-built air distribution system
- The highest standard in respiratory protection – TH3

Applications

- Grinding & surface finishing
- Construction industry
- Heavy industry
- Shipbuilding
- Automotive Industry
- Stone benchtop Industry

Product Details

Product Code:	R704100
Weight:	1100 g
Dimensions:	300 mm x 240 mm x 320 mm
	Grinding Visor Polycarbonate
	280 mm x 150 mm

Certification

Certified to AS/NZS 1716:2012 for
Respiratory protective devices
EN 166 1, A, K, N
EN 379 1/1/1/2, EN 175 S, B, EN 397
EN 12941 TH3, EN 14594 3B
Protection factor (NPF) - 500

New Grinding Visors Available

You can choose from two different shade levels 4 and 5 or a bright yellow visor. The brand new toric visors offer excellent optical quality (EN 166 class 1) and enhanced robustness – protection against high-speed particles with HIGH energy guaranteed.

Shade 5 Grinding Visor
R704106

Shade 4 Grinding Visor
R704105

Clear Grinding Visor
R704103

Yellow Grinding Visor
R704104

Extend Your Protection

You can choose from two different neck and throat protectors.

Neck and throat protection made from high durable leather
R704065L

Neck and throat protection made from flame retardant fabric
R704065

Visor Protection Film Available

Visor protection film available as a pack of 10
R704120

Also Available with a Flip-Up Welding Visor

The CA-40G helmet can be combined with a stable flip-up welding visor that is compatible with auto-darkening or passive welding filters. This makes the CA-40G suitable for the most challenging welding tasks including welding preparations (positioning, clamping) and further surface operations (grinding, cleaning and polishing).

Flip-Up Welding Visor
R704201

Approved Combinations

CleanAir® AerGo®
R300000PA

CleanAir® Basic Respirator
R810000PA

CleanAIR® Chemical 2F
R510000FDA-AUS

CleanAIR® Pressure Flow Master
R670000
